CREATING JOYFUL MOMENTS

*We plant trees for a better world!*

## CREATING JOYFUL MOMENTS

The new Rotolux Collection is finally HERE! Our goal is to create sustainable and beautiful gifting products for every person and present. This year we created many new designs on FSC®-certified paper, on 100% recycled paper & grass paper. We hope you will get inspired by our gift wrapping ideas. Let's get the party started!

## SUSTAINABLE

We keep our gift wrap environmentally friendly. We print with water based inks, and our waste water is collected and recycled. All designs are printed on FSC®-certified paper and on qualities including 100% recycled paper & grass paper. All of our paper is 100% recyclable.

In cooperation with Goforest ([www.goforest.be](http://www.goforest.be)) we plant 100 trees every month with the goal to reduce CO2 emission on the environment and to give the forest ecosystem in Belgium a hand.

## MADE IN BELGIUM

Our gift wrapping paper is developed and printed in Belgium where our company is located. Having our production close to our clients allows us to stay highly flexible and to minimize our ecological footprint. We reduce the distance our products travel by optimizing the logistics and we work with suppliers who share our commitment for the environment.

### FSC®-CERTIFIED PAPER

We make environmentally friendly gift wrap. Since 2012 Rotolux is FSC®-certified. Paper is made from wood, a natural renewable resource which has the capacity to be produced in an endless cycle. To safeguard this cycle, our forests have to be managed and harvested in a sustainable manner.

All designs in our collection are printed on FSC®-certified paper and are 100% recyclable, even our metallic & holographic paper. There is a growing demand for eco-friendly packaging. And the natural look and feel of our recycled paper and speckled grass paper really make fantastic gift wrapping paper.
